

F-2013-00081 - Women having IVF treatment broken down by age group

12 April 2013

Summary of request

The Authority was asked for granular information on the ages of women having IVF treatment.

HFEA response

Please find this information in the table below. The information for fresh and frozen cycles has been split over two tabs. Where the numbers are very small they have been replaced with '<5' in order to protect the anonymity of those to whom the HFEA owe a duty of care.
