

F-2012-00092 - Proportion of patients receiving counselling

30 April 2012

Summary of request

The Authority was asked for information about the proportion of people receiving fertility treatment who chose to have counselling provided by their clinic.

HFEA response

HFEA licensed clinics do not report this information to us and the HFEA therefore does not hold the information requested. Individual clinics may keep records of this or organisation such as BICA hold some sector-wide information (<http://bica.net/>).
