

F-2016-00161- mean male and female earnings

20 July 2016

Summary of request

The Authority was asked for information regarding the mean and medium earnings for male and female employees of the HFEA.

HFEA response

Please find attached a spreadsheet containing the requested data. You can also find a link

I can confirm that the HFEA does not hold the number of male and female employees by quartile salary bands due to the small number of employees and the risk of identifying individuals.
