

**F-2015-00155- centres staffing profiles**

5<sup>th</sup> June 2015

**Summary of request**

You have requested the staffing profiles of all UK centres from 2007 to the present day.

**HFEA response**

Please find that information attached.

It should be noted that a centre may only have one Person Responsible (PR) and one Licence Holder at one time.

This information is drawn from data submitted to us by the UK fertility sector through the HFEA Clinic Portal. As such the quality of the data is dependent on the submissions of the individual centres. It should also be noted that the results for a given year may only represent a snapshot of the data where a centre may only have been licensed for a part of the year with the role not being filled for the full year.
